The Future of
In-store
Communications

All-in-one digital posters managed by signagelive at Harrods, London UK

The small format 10" LCDs come standard in thin-bezel, shelf-edge retail-ready, white or silver housing.

Fastrak Retail blends technology with the retail environment to enhance the shopping experience and increase sales.

In rugged retail-ready housings, our screens are made for either "load and leave" applications or they are capable of remote updates via signagelive. Selected by Harrods, the UK Lottery, and other major retailers across Europe, signagelive by Remote Media is our incredibly simple yet powerful and cost-effective web-based remote, content and screen management system.

Take advantage of your own existing content (including MPEG, WMV, JPEG, and HTML formats), or let us produce a custom visual experience using Fastrak Moving Media Services. Ask us for information on monitoring and maintaining your digital signage network, or manage it yourself with our complete diagnostic toolkit available standard with signagelive products and services.
